

FWA Theatre Arts Program Granted Thespian Troupe Charter

In November of 2015, Faith West Academy Theatre Department petitioned the **International Thespian Society**, the student honorary division of the Educational Theatre Association, for the privilege of chartering a Thespian troupe. The theatre arts program of FWA has been determined to meet the standards required by the board of directors of the Educational Theatre Association, and their application has been accepted. We are now the proud home of Thespian Troupe 8225!

Membership in this international organization is not only a reward for the work Faith West Academy theatre students have done, but further evidence of their desire to continue to work in this specialized field. As a troupe, their work will contribute to the growth of better theatre in this community, our country, and throughout the world.

The International Thespian Society has as its aim the advancement of excellence in educational theatre and the continuing enrichment of theatre arts and their appreciation worldwide.

The official troupe Charter Ceremony and Induction of eight Thespians was held on Thursday, February 4, 2016, at the Faith West Theatre.

Caption: Inductees of the FWA Thespian Troupe 8225 were (L to R); Eden Spigener, Alice Wang, Daniel Stewart, Cameron Thieme, Troupe Director Mr. Daniel Barrett, Eleni Mote, Savannah Garland, Clayton Becker, and Joshua Romero.
